

INVENGO LSA4-SHD HF STACK ANTENNA

About Invengo's LSA4-SHD Robust HF Stack Antenna

Invengo's LSA4-SHD Antenna is a robust high-frequency (HF) RFID antenna specifically designed to identify multiple items equipped with small RFID tags. Its precise multi-read capabilities and rugged package make it ideal for industrial environments where accuracy, efficiency and durability are required.

Invengo's Textile Services division provides an innovative and highly performant IoT Linen Inventory Management Platform (ACUITY), enabling the industrial Laundry industry worldwide as well as their Hospitality and Healthcare customers, to gain continuous access to real-time inventory visibility/availability of their textile assets and to make intelligent business decisions to increase their profitability.

Invengo Technology Pte. Ltd. (Singapore) is the International Headquarters of Invengo Information Technology Co. Ltd, listed on Shenzhen Stock Exchange (SZSE: 002161.SZ). Employing over 600 people globally, Invengo is one of the largest publicly traded, RFID/IoT oriented companies in the world.

Key Benefits

- Robust table-top antenna
- Precise reading zone
- Delivered with a 3m built-in coaxial cable

Product Specifications

Electrical

Operating Frequency	13,56 MHz
Protocols Supported	ISO 15693, ISO 18000-3 Mode I
RF Input Power	2W
Cable	3 m (9.8 ft) built-in coaxial cable. Includes SMA connector
Reader compatibility	Invengo Medio L40, Medio Pxxx family and Medio Lxxx family

Mechanical

Dimensions	25,4 x 263 x 17 mm (11.3 x 10.3 x 0.6 in)
Weight	1 kg (2.2 lbs)
Casing	Includes metallic shielding
Operating Temperature	0°C to 40°C (32°F to 104°F)

Product reference	DDP13762
--------------------------	----------

Additional Information

Invengo's LSA4-SHD Antenna has been designed to quickly and efficiently read multiple items at once. Its advanced antenna technology is specifically tuned to perform optimally in environments where small RFID tags are affixed to products, making it the perfect antenna for industrial type applications.

Combining the LSA4-SHD Antenna with Invengo's reader portfolio and tags provides a robust RFID infrastructure solution for a variety of applications.
